

Earth Day Green Tour

The Master of Environmental Studies program is celebrating its 20th Anniversary by collaborating with the Facilities, Planning & Operations team to host this years

EARTH Day Extravaganza

on April 22nd from 2:30-5pm

Festivities start at 2:30pm. We will meet at Hayden Hall (240 s. 33rd Street) and do a walking tour of the campus with our expert tour guides who can talk about the sustainability initiatives that have been implemented on campus. The tour will end at the NBS outdoor space (425 S. University Avenue) with catering and vendors who support green and environmental initiatives in our community.
